

## WATERWAY WARRIORS

*Be a part of the solution, not the pollution*

*A Non-Profit 501(c)3 Organization 93-2160742 CH72653*

*Founders: Sharon Noll, Sandra Leone, Sherill Spaccio, Michelle Fitzgerald*

*Core4@PinedaWaterwayWarriors.com*

It is with great pleasure and pride that I introduce you to the Waterway Warriors, a Florida based non-profit 501(c)3 environmental organization based in Brevard County, Florida. We desire to establish communication and develop a working and impactful partnership with individuals and organizations who share our vision of clean waterways in Florida.

The Waterway Warriors are a 501(c)3 community-funded group of volunteers who are actively concerned about the health and sustainability of the waterways around the waterways in Florida. Our mission is to help our community understand the causes and harmful impacts of waterway debris and provide opportunities to effect a change. **We have dedicated group cleanup days as the 2<sup>nd</sup> and 4<sup>th</sup> Saturdays of each month.** We have installed 30 large trash barrels placed at the prime fishing and party spots along the Intracoastal that our group maintains weekly. We sponsor the International Coastal Cleanup event in Brevard County and have established successful working relationships with the Florida

***To date we have prevented over 50 tons of trash from going into our waterways and contaminating our Intracoastal Waterway, Banana River and Indian River Lagoon!***

Department of Transportation and other state and local Agencies.

We've done a lot, but we need YOU! Please consider the Waterway Warriors as a partner and join our mission to make our waterways healthy. Here are some ways you can get involved:

- **Participate** in a cleanup event
- **Provide a connection** with a company to facilitate a group cleanup event
- **Like and share** our Facebook page
- **Donate** any amount or become a sponsor

I look forward to speaking with you further regarding our continued partnership. Together we can accomplish so much!

Sincerely,

Sandra Leone, Director of Development
